3. Click on “Add to cart”
below the part number.

The screenshot displays the GE HealthCare Shop interface. At the top right, there are links for 'Australia' and 'English', along with 'Discover GE HealthCare Shop', 'Contact Us', and 'Logout'. A search bar is present with the placeholder text 'Search by Part #, Equipment, or Keyword'. Below the search bar, there are navigation links: 'Shop', 'Support', 'Repair', 'My Account', and 'Quick Order'. A welcome message 'Welcome, Ana' is followed by a shopping cart icon and '0 items (\$0.00)'. The main content area shows the breadcrumb 'Home > Shop > Parts' and 'Select All Categories'. The 'Product Category' list includes: Anesthesia Delivery (1455), Diagnostic ECG (199), Maternal Infant Care (826), Patient Monitoring (517), Respiratory Care (93), Tubes (2), and Ultrasound (81). The 'Refined by' section has filters for 'Manufacturer' (GE HealthCare (3,103), cicero (1), global display solutions (1), other (6), sfo technologies (nest group) (1)) and 'Condition' (New (3,122)). The 'Kits' section includes: ECG Lead Kits (2), Maternal-Infant Care PM Kits (24), Other Anesthesia Kits (1), and Patient Monitoring Kits (2). The main product listing is for 'CAM HD Assembly' (Item No. 900995-003). The description states: 'The CAM HD Assembly is a Data Acquisition Module. The measurement system contains the ECG amplifier module, a data acquisition module and a computer. The minute ECG signals from the patient are received by the electrodes and are sent to the acquisition module via lead wires. The acquisition module then amplifies, digitizes, and perform'. The price is listed as 'List Price: \$991.18' and 'Web Price: \$941.62'. A green arrow labeled '3' points to the 'Add to Cart' button. Below the product, there is a section for 'PCB ASSY MAC CPU ROHS - RETURNABLE Part' (Item No. 801212-008) with a description: 'The MAC CPU board is the main circuitry for the MAC-5500 electrocardiograph. The board is powered by an Atmel AT91RM9200 processor with PC Super input/output controller and three peripheral microcontrollers. The board also have SDRAM and Flash memories and comes with other required interfaces and switches. This mainboard works only wit'. The price is listed as 'List Price: \$1,387.39' and 'Web Price: \$1,318.02'. On the right side, there is a 'Service Documents' section with links to 'Aestia/5 7100 Software Revision 1.x Operators Manual Part 1 System Controls, Operation, Checkout', 'CardioLab Operator's Manual', and 'Mac-Lab Operators Manual'. At the bottom right, there is a promotional banner for 'Carescape & PDM Batteries' with the text 'Are your patient monitor batteries running low?' and 'Shop for Carescape & PDM Batteries here!'.
